There is only one main issue that I currently have with the base. There is only one racketball court and it is in need of some upgrades. It would be nice to at least have a second court since scheduling is sometimes hard to get due to being only one court. Also, the wood walls make for difficult playing in the court due to its visibility restrictions.

Thanks to the Garrison, we have a range of activites for my reservists. The golf course is superior and the family services offered/provided by the Garrison are critical to the welfare of my troops. I am aware of the difficulties the Army faces funding these programs and no doubt the recent BRAC announcement will make this survey null and void. Too bad for those remaining at Selfridge unless another command picks up these programs.

loss of funding or shutting down

Overall Comment

I cannot believe they are thinking of keeping the base open, and yet closing MWR. THAT makes no sense and will kill the base. Many people come here (I speak from the USCG point of view) because of the great housing and MWR that is offered, and now that may be going away. That will make this unit very undesirable and hard to convince people to transfer here.

The food service and wait staff problem should be corrected. Several times over the last few months service was unbelievably poor, excessive time to be served, orders incorrect or not complete. The bowling alley staff is especially unskilled and or severely undermanned. Mulligan's during the winter months was also understaffed and as a result service was very poor.

Several unit events were scheduled elsewhere due to anticipated difficulties in this regard. Unfortunately this does not help correct the problem, it just drives closure of the facility.

I would like to see a sporting event ticket outlet operating on the garrison. With a variety of professional teams in the local area it surprises me personnel do not have access to tickets. In addition, an indoor pool facility would be a very welcome addition to the base.

I wish there was an adequate area at one of the gyms for just cardio vascular equipment. The large gym has several pieces of cardio vascular equipment but they aren't arranged well. They are made to fit the area (which is too small) instead of having a designated area. The small gym is too small for everything they are trying to put in there.

The child care services that are provided by the Army on Selfridge ANGB are invaluable assets to the military community here at the base. The members (us) are provided great quality child care at a fraction of the price for child care off the base. I, personally, am comfortable with the fact that my child likes to attend school aged services, and has a wonderful time every day that she is there. The housing is beneficial to the overall morale of the members. For some of us, that is all that we have available to us within a short distance of the base (off-base family housing - Seville Manor). Most of us that live in housing feel that that is our home, and we make the best of it. We do not want to see it go away. Where would we be able to find affordable housing within the same distance of the base as we have now?

I think childcare and school age services need to open earlier and stay open later. Also I think the cost of childcare is getting out of hand. The officials above us take our COLA away yet increase the costs of childcare. Also the Aafees prices are not that much better than our local WALMART and the gas prices only gives usually a 1 to 2 cent break. Where are the savings to us. They need to look at the areas service men and woman are serving at.

I truly appreciate the hard work of the golf course personnel to maintain the course especially for the amount of play the course (Selfridge ANGB) receives. However, even though the course generates a significant amount of money that is used for the course as well as other MWR functions and facilities, I feel the management of the course is extremely poor. For an MWR facility it is definitely not geared toward the soldier, sailor, airman, or marine (even Coast Guard at Selfridge). The course is overbooked, there are far too many outings, and many of the employees there do not seem to know it is an MWR course. There are leagues that play each week with people from off base/post who have nothing to do with the military. Yes, the money is good for the program, but it appears that seems to be the number one goal at the course. The number one goal should be to give a military member a chance to play golf and not have to compete with off-base personnel. It's extremely frustrating, and I'm not the only person who complains about it. I feel it's a great benefit considering what you must pay off-base to play, but I've stopped playing there on several occasions due to poor service and overbooking. I'm a golf nut, so I eventually go back only to get frustrated again.

Every year it gets worse, yet the Army commander here at the Garrison is tickled to death his manager at the course (the golf pro) has received several awards for his operation. Is the award truly for operating a fine golf club or is it simply for the money the course generates?

Would like to see better Fitness facilities/equipment. (Maybe even an indoor pool.)I would love an areobics type class offered during the day since we are allowed to spend some duty time participating in fitness activities. We currently don't even have a running track.

I would also like a yoga class.

We are very limited on options for dining. The military dining facility is only open during drill weekends, Mulligans has limited hours and the staff at the bowling ally are less than pleasant. A cantina would be nice.

I feel Mulligan could do alot better job of services then it does. When the old wooded building was there you had a lot more people coming inside for a hot dog or pop. Now it seem like no body comes in after a round of golf. Something has change. If Mulligan is not going to change there let bring in another vendor. The pro shop has very nice people but seems like they do not talk to each other, you always hear about how a outing gets mess up because someone in the pro shop was not told something. The staff in the pro shop should have a staff meeting at lest once a day to share infromation. It is a shane to have a nice golf course and no place to serve you food, or you have to go off post.

I am recently retired and have moved close to Selfridge ANG Base. I am only beginning to understand what some of the valueable benefits available to me. However, that being said I would be interested in receiving some sort of news letter or information on all the available services and benefits via e-mail. I have never received anything since retireing.

With regard to marina services I was able to store a small boat for the winter months up to April 1st. In a cold and snow covered region of Michigan this is unrealistic. There is usually no place to relocate your vessel until the snow melts. Also, there is so much available land space to store boats, trailers, campers, etc. for the summer months that are not being used, but we are told there is no space and a 4-5 year waiting list. Why? This does not make sense.

Good survey...

Thanks

Although I make very little use of SANGB's MWR services I believe they are of value to many military people on the base. I am 75 years old, my wife and I live over 25 miles from the base in downtown Detroit. We do not look to the base for our entertainment or education.* If we lived closer it could well be different. I am a member of MOAA and we use monthly an MWR facility for our executive board meetings, and an annual party at Mulligans. An other military group I belong to uses your catering facility for a party every other year. I am pleased that these services are available for active duty and reserve personel.

* or for physicalconditioning. I do belong to a health club a few miles from my house. If I were closer to the base, I certainly would use your facilities at a lower cost.

pool hours in summer

Overall Comment

About the pool at SAMGB. It is a great facility, but not open much during the summer. When it is open in the late morning thru the evening, I always see lots of moms and kids, teen-agers, and single soldiers or married ones with spouses or families after duty hours. Its like a bus route- it takes generous operating hours with low attendance until the word gets around that the pool hours are mostly open during the day and consistent. The staff is always great and the facility is in good repair and clean-but there doesnt appear to be much interest in pool use by planners who may be assuming low interest among base AND off post personnel, particularly retirees. thank you.

Because I live near Sulfridge Air National Guard Base, It would be nice to have a letter or E-mail to retirees of on-post events, or a web site to view periodically. Mostly I hear about everything in my retiree newspaper and usually nothing about S.A.N.G.B.. I frequent the PX, Commissary, Clothing Sale and Gas Station but am not really aware of other services. Would use the Pharmacy but the hours are really not convient. They always seem to be closed or training! Most retirees in Southeast Michigan are really worried about SANGB could possible close. I really used MWR while stationed at FAMC, Augsburg, FRG, Fort Riley, Fort Gordon and Fort Bragg. Why is SANGB so quite, let us retirees more so we can spend our \$\$ on post. Thanks Ronnie Vaughn, SSG, USA, Ret.

Being retired and 100% disabled from being shot in Korea and having my leg amputated a considerable amount of this survey would not apply to me! I find most areas are very beneficial to our active military!
 I take advantage of the military travel services and where possible I use them but seem to get a more reasonable cost elsewhere!
 The medical area is very beneficial to my wife and I!
 The BX and Commissary is a great benefit as well!
 I would use the bowling alley more if I could bring my grandchildren and adult kids. Since 9/11 I have not brought them out!
 The air show has restricted (and rightfully so) coolers etc.
 I do not like the BX selling many products made in China etc.
 PFC J.A. Julien retired @ 100% disabled!

This survey has made me more aware of the different MWR activities that are open for my use. I may not be a source of information that should be used because I'm retired and live a good distance from the selfridge Air Base in Michigan. Please be aware that my wife and I do use all of the military housing available while we are traveling on yearly vacations. I truly do think the Military and the government for allowing this benefit. I do have one complaint. I'm sure that if you ask other retirees they will make this same complaint. That complaint is that the 30 DAY TIME FRAME FOR RESERVATIONS DOES NOT ALLOW A RETIREE A CHANCE TO MAKE PLANS FOR A TRIP. IT WOULD BE NICE IF A PERCENTAGE WAS PUT INTO EFFECT, SO THAT SOME OF US WOULD BE ABLE TO GET UNDER THE WIRE AT SOME OF THE REALLY NICE VACATION SPOTS. I have tried to get in at some places and, cannot get a reservation because the location is full within 30 days of the time I can make a reservation. My address is www.RETTOPDPD@aol.com

Thank You

I would use the MWR services if I knew more about them at Selfridge or Tacom. We have not heard much about them since we have been stationed here. We live about 45-60 mins away, but I would use them if I knew what was available and what times. We have used many services of MWR in our past assignments. I do think that the services are essential to military life and stability at an installation.

My husband is just about to complete a recruiting command in the Great Lakes Recruiting BN and therefore we live in a civilian community. The nearest military installation is a 1.5 hour drive away. If I would have lived closer to an installation or if there were MWR activities in our area, I would have participated more.

selfridge was not a good experience for us. the weather makes mwr difficult and the lack of communication about their programs coupled with full time work for both of us made any outside activity difficult. other posts have had better programs, communication and our experience has been overall a happy one.

I feel like my answers did not reflect the inportance of MWR. When my children were younger and at home we used MWR all the time. It is so important to the Military families. I pray that the services will continue to thrive for the sack of all our families.

We are in a remote assignment, 3 1/2 hours from the nearest military base. I'm suprised to even have been asked to fill out this survey, as my responses will undoubtedly skew any results you may wish for.

The majority of this survey does not apply to active duty family members like myself whose spouses are assigned to units in the civilian community. My spouse goes to work at an office building in a city more than 2 hours from the nearest "post" - which is a National Guard Air Base that does not have many of the resources this survey is asking for feedback on. If we lived near or on an active duty "post" I would have answered many of these questions differently.

activities and services are not well advertised. the biggest problem is the lack of childcare available for stay at home spouses with deployed or non-deployed spouses. childcare at the cdc is not affordable for lunches, much less classes. many many spouses are discouraged that classes are offered but without affordable child care.

I do not live with my husband as I am still in college for one more year. There is little communication between the base and myself in reagrds to the Army lifestyle.

I would like to see MWR improve/update the quality of their lodging especially the family guest houses.

It would also be nice to have MWR newsletters emailed to those who DO NOT live on post so that we know exactly what is going on as we do not receive the post newspaper.

not aval. we are on recruiting duty

Overall Comment

We are currently on recruiting duty. We do not have access to a full post. I do miss having these services available and I feel disconnected from the military community by not being close to an active post.

The pool needs to be brought up to speed! It is not open nearly enough. Last year it was open a few days a week and not kept up as it should be. This is our second tour at Selfridge and last summer was so very disappointing!

The bowling alley was refurbished during our first tour here and it is not kept up! What a shame! All this money spent to bring things up to speed and then letting them go is ridiculous. I am hoping now that we have a new manager it will be the quality place it used to be. With our family of five it is expensive to go off post, but we might be forced to.

I feel there should be more command support to MWR.

It would be awesome to bring back the wood shop. My husband has his own tools, but I know some of the soldiers like to putter and there is no where for them to.

I would like to see a larger parking area at the child development center.

I would also like to see more activities offered to preschool aged children and younger.

no military id provided

Overall Comment

My husband is deployed and I have never received a military id. I would love to use the services provided but unable to do so because I do not have a military id or deployment papers.
